COURSE DESCRIPTION

The "Level "1" Handgun" course was designed by the presenters to enhance the survivability of the participant. The ability to recognize and react to a violent confrontation is paramount. This course encompasses techniques associated with "close-quarter battle" and

the handgun. Participants will learn their strengths and weaknesses regarding the offensive and defensive use of the handgun. This training is designed for anyone serious about personal and third-party protection.

Participants will be exposed to basic handgun techniques involving:

- The "Best Fight" is "No Fight"
- Building CONFIDENCE
- Mind set
- Firearm safety and responsibility
- Handguns... "The right choice"
- Balance and foundation shooting
- Utilizing adrenaline / friend - not foe
- Useful equipment vs junk (concealment methods)
- Speed vs accuracy
- Handgun for defense vs offense
- Legal and moral obligations involving lethal force
- Psychological / Physiological response
- Grip / Draw / Sight Alignment
- Cover vs Concealment
- Reloading
- Shoot and move (Off the "X")
- Surgical shot placement
- Hostage response
- Multiple threat engagement

PRESENTERS

Presenters for this course of training are with "Precision Tactical." Both Instructors are Texas law enforcement officers with many years of law enforcement and tactical experience. Precision Tactical has conducted firearms training for over thirty years to local, state, and federal law enforcement agencies and public and private sectors.
